

CROPLANDS PART NUMBERS: POL00375908A – FLOW METER RAPID CHECK ARAG FLANGE

REMOVABLE TURBINE FLOWMETER.

The Rapid Check Plus flowmeters complete the Rapid Check series offering enhanced conveyance of the liquid to be measured and high maintenance practicality. The cantilever turbine turns on sapphire supports with steel or ceramic shaft. Available in the versions with a maximum pressure of 20 bar (1" – 1½"), 40 bar (1½") and 50 bar (1") with interchangeable flanges. The axial turbine and the sinusoidal-wave, square-wave or Hall-effect sensor are installed on one single removable element.

Flanges (1")	Part Number
1" BSP M.	POL41309032
1" ARAG F.	POL41311332
1" ARAG M.	POL41311532
1" Braglia F.	POL41311232
