

Part No. UP-119B-Kit

## 12V Switch & Loom Pack,

Including adaptor components to fit a variety of plug types and applications.

### Contents :

#### 1 @ UP-119B Switch & Wiring Loom,

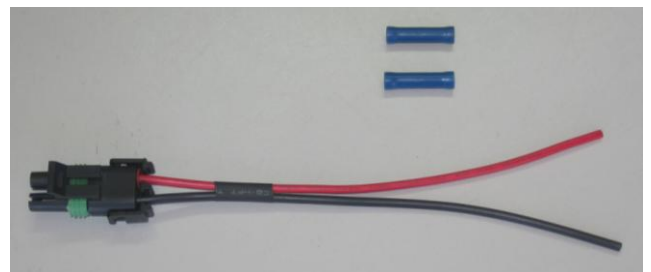

Our standard loom (replacing the UP-119A), featuring a female wet pack plug with male pins.

If the existing plugs or leads of the motor / pump do not match the UP-119B's standard plug, use one of the below sets of adaptor components to fabricate a suitable connection.

#### 1 @ Adaptor Lead + connectors :

1 @ lead with male plug & female pins to match the UP-119B's plug. 2 @ connectors for (crimp) attachment to bare wire.

#### 1 set of Adaptor components :

1 @ Male wet pack plug, 2 @ Female pins, 2 @ Rubber grommets for attachment to bare wire. This fitting fits the UP-119B's plug.

*The user takes full responsibility for electrical connections – if in doubt, consult a qualified technician.*
